Behavioral Health Videos

The Library now has a number of videos for behavioral health professionals. They are listed in detail in the New Books list that is linked below. The videos use well-versed actors or actual patients to depict various disorders. Topics include:

- Adult ADHD
- Anger
- Cognitive-behavioral therapy
- Eating/weight loss/weight control
- Emotion-focused therapy
- Family therapy
- Issues with specific groups
- Multicultural therapy
- Sleep disorders
- Psychological issues associated with various diseases

Book Sale

The Library's sale of used and donated books continues. Current stock includes primarily professional and lay-oriented rheumatology and ob/gyn titles, though there are books on other topics as well. The price is \$1.00 each, with multi-volume sets selling as one book.

Replenishment of stock takes place on an unscheduled basis.

Thank You

- Department of Medical Education
- John Moore, Public Affairs
- Dixie Alexander, Institutional Advancement
- Donna Walker, Nursing Education
- Dr. Kathryn Wortz
